

## *About the Park*

Movil Maze Recreation Area is located approximately 5 miles north of Bemidji off of US highway 71 and County Road 305.

## *Ski Trail Grooming*

With 14 kilometers of intermediate and expert trails, Movil Maze is designed for advanced skiers and includes challenging sharp downhill runs and long steady uphill trail climbs. Skiers will enjoy a major workout and conditioning for racing. Trails are groomed for classic as well as skate skiing.

## *Parking & Restrooms*

The trailhead parking lot is directly adjacent to County Road 305. There you will find convenient toilet facilities and information about the recreation area.

## *Summer and Fall Trail Usage*

In the summer and fall, the trails are primarily used by mountain bikers, hikers and hunters. The park has several miles of snowmobile trails that interconnect with hundreds of miles of groomed trail in the county's snowmobile system. ATV's are only allowed on the snowmobile trails in the summer and must be kept on the trail at all times. **Wetland violations will be strongly enforced.**

## *Hunting*

In the fall, the park is open for grouse and waterfowl hunting. Deer hunting is permitted during the designated state hunting season and all state laws apply in the recreation area. ATV's can be used on all trails for hunting only.

## *Contact*

Beltrami County is happy to answer any questions you may have about Movil Maze or any other county recreation facility. Please contact John Winter, Recreation Resource Manager, at (218) 333-4165 with any questions. Thank you for visiting Movil Maze Recreation Area.

# Movil Maze Recreation Area

## *Welcome*

Movil Maze, named for its popular network of ski trails, was constructed in 1979 for the first Minnesota Finlandia Ski Marathon. This recreation area contains 1,250 acres of hardwood forest with mixed maples, oaks, and birch. Wildlife can be spotted around any corner, particularly whitetail deer and an occasional bald eagle or black bear.

# Movil Maze

Total XC Trail Length: 14km - Intermediate / Expert  
 Trail distances are measured at intersections and listed in kilometers.
